Assignment 4
Data Use Agreements and Classifications

Applied Data Science

Instructions

This assignment requires you to complete the tutorials on Data Access and Protection. In addition to that, please complete the video tutorial on 'Ethical issues in Data science' and answer questions based on that. You will be required to turn in a .pdf file containing screen shots of the completion page.

Submit your assignment as a .pdf file with your name and email in the header, single-spaced and font no-larger than 12pt.

HRMS

https://www.indiana.edu/ uhrs/HRMSdataUse/index.html

FERPA

Complete both FERPA tutorial and Data Protection & Privacy tutorial: https://ferpa.iu.edu/

Acceptable Use Agreement

https://access.iu.edu/useragreement/hasagreement

Ethical Issues in Data Science

https://www.youtube.com/watch?v=qgAoLKiUPMM

Watch this video on 'Ethical Issues in Data Science' and pick two points from the video that you found interesting / informative that you had not thought about before.

Take away

Write a paragraph briefly explaining your take away from each of the tutorials.
